LOCAL BRIEFS.

—Punch and Judy is good.

—Spring goods are coming in with
a rush.

—The Pianoforte will be here on
the 16th proximo.

—Revenue receipts yesterday were
\$185.22.

—Nothing occurred yesterday in
the Sheriff's office, Mayor's court, or
Probate Judges office.

—Old bonds for funding to the
amount of \$15,000 were received at the
Treasurer's office yesterday.

—C. S. Farris, a student at Wake
Forest, will preach for Dr. Pritchard
Sunday at Salisbury St. Baptist church
during his absence at New York.

The latest advice from Washing-
ton indicate that there will be short
session. The new members favor gen-
eral legislation but their views are not
sustained by the old members.

—There was an ingenious amount
of devotion implied in the remark of a
love-sick millionaire when the object of
his affections became ecstatic over the
beauty of the evening: "Oh, do not do
it, do not do it, I like that," he
cried; "I cannot get it for you."

—Diamond dealers in New York
loan dazzling displays of gems to la-
dies so rarely engaged in the trade,
and they may wear them at parties,
and thereby emulate other envious la-
dies to worry their husbands into
buying others equally costly.

—After lent several first class
companies en route for Raleigh, and
put in appearance at Tucker Hall, and
we may expect at least one of the
thirty companies now en route for
S. Planors to give us a chance to
hear this now celebrated comic opera.

ARIZONA.—Our young friend Dr.
Jno. Lacy, received an appointment
from the Government, yesterday, as
principal physician to the Indians in
Arizona. He will leave Wednesday
for Baltimore and Washington, where
he will spend a week or ten days, when
he will leave for his western home.

SUPREME COURT.—Court opened at
10 o'clock yesterday morning; all the
Justices present.

Lewis & Mosher vs. M. Rountree &
Co., from Wake; argument commenced
Wednesday resumed; pending which
court adjourned until 10 o'clock this
(Saturday) morning.

THE FISHERIES.—Messrs. John C.
Blake, R. L. Williams, W. N. Andrews,
J. C. S. Lumsden and twelve or fifteen
others have leased "Penny's Mill Pond"
near this city for a term of three
years, paying \$75.00 for the privilege.
By the terms of lease no one is allowed
to fish in these waters without a spe-
cial permit. The object of the lease is
to secure a pleasure resort for the gen-
tlemen without molestation from out-
siders.

POINTDEXTER-CURTIS TRIAL.—On
Wednesday morning the argument in
this case was opened by George D.
Myers for the prosecution, the argument
on both sides was most powerful and
exhaustive—it ceased at 7:30 o'clock
on Thursday evening and the case was
given to the jury. At 10 o'clock they
came into court and reported that
they had not and could not agree.
They were then placed in the hands of
the Sheriff.

THE DIME PARTY.—The dime party
given by the ladies at Metropolitan Hall
on Thursday evening for the bene-
fit of the band was a very enjoyable
affair. The handsome sum of \$50.00
was realized, clear of expenses, which
will add the band considerably to pay
off their indebtedness. The thanks of
the band are due the ladies who worked
so energetically for the success of the
affair, and particularly to those who
acted as poll holders, and who by their
solicitations to "Vote for my church,
Mr." rendered it impossible for the
gentlemen to resist.

The Bloody Fifth.

Allow us to regret Jno. W. Horton,
Jno. Myatt and T. H. Briggs, as val-
uable persons to represent the Fifth Ward
in the city council. We trust the con-
vention will see fit to nominate them.
MANY DEMOCRATS.

Third Ward.

A ticket that will certainly come out
victoriously and be instrumental in
breaking all rings and cliques: J. B.
Martin, R. H. Battle, Jr., W. H. Crow,
Jno. A. Cheatham, Z. W. Gill.

HERCULES.

For the First Ward.

The best ticket we can nominate.
Alfred Upchurch, Len Adams, Graham
Haywood.

First Ward.

Messrs. Editors: As it is the season
and all the go to bring out candi-
dates for Aldermen in the various
wards, I allow me to call the names of
Thomas Pence, John D. Thompson
and James M. Harris as suitable can-
didates to represent the tax-payers of
the First Ward. If this ticket should
be placed in the field, it will receive
the undisputed support of both parties.

First Warders.

WASHINGTON.

Work of the 27th Considered.

HAYES WILL NOT VETO—OLD MEMBERS
SAY "SHORT SESSION"—NEW MEM-
BERS "GENERAL LEGISLATION"—
EVERETT LEAVES FOR HOME—CHANGES
IN NORTH CAROLINA OFFICERS—
"MURDER" GEN. LEACH.

Special Correspondence of the News.

WASHINGTON, March 27.

There was nothing of importance
transacted in either House of Con-
gress to-day. The appropriation bill
was discussed at some length in the
House without developing anything.

REPUBLICAN CAUCUS TO-DAY.

The Republican members of the
House held a caucus to-day immedi-
ately after the adjournment of the
House. It is said the caucus was
proposed by the Democrats on the re-
peal of the odious clauses of the elec-
tion and test oath was freely discussed
without arriving at any definite con-
clusion.

Several staunch Republicans say
the compromise will be satisfactory to
the administration, and that Hayes
will not veto. Whilst on the other
hand it is asserted that the President
will veto if attached to the appropri-
ation bill.

SHORT SESSION.

After interviewing a large number
of the old members we have fallen into
the opinion that the session will be
short. The extra session will not ac-
tually be of more than a few days,
which the members of the House, who
express themselves at all, favor a
long session, and think Congress
should amend its legislation.

Gen. Phil. Cook, the gallant old hero
and statesman of Georgia, a member
of the House for the past six years and
whose head is always clear and full of
good sense, said the session should be
short—transact the business for which
Hayes called them together, and go
home, and if he needs more sound
Democratic legislation let him call the
two bodies together again.

THE APPROPRIATION BILL.

The army appropriation bill was taken
up in the House to-day, and the
whole session was consumed in its con-
sideration. The new members seemed
anxious to amend it in unimportant
particulars, but the leaders of both
parties evidently wanted to take it in
the main as reported, and reserve all
of their ammunition for the battle over
the clause relating to the presence of
troops at the polls. The motion to re-
duce the army to 15,000 was defeated.
When the session to allow army officers
to be detailed as instructors in military
schools was reached, an Illinois Republi-
can moved to amend it so as to make
troops at the polls. The motion was
read provided such military school
should not be located within two miles
of the polls. The section in regard to
troops at the polls was passed by, by
unanimous consent, and the rest of
the bill was disposed of. The debate
on it will be able and animated, and
will attract to the House to-morrow
a large crowd. The bill does not
contain the provision for reorganizing
the army, which was added to it
last session.

HOW THE MONEY WENT.

mittee on Finance, says, send the fol-
lowing: Maine, \$5,000; New Hamp-
shire, \$750; Vermont, Third district,

SENATOR EVERETT OF NORTH CAROLINA
left for his home yesterday after lay-
ing his memorial before the President
and Cabinet.

It is rumored to-day among Republi-
cans of that State that the following
changes will be asked for in the federal
appointments of the State. Col. Myers
of Charlotte to be U. S. Marshal, for
the Western District, W. A. Bagley of
Raleigh, Collector of Internal Revenue,
for the Raleigh District, George Star-
ton, Collector of the New Bern District.

HON. J. M. LEACH.

full vigor of life. He is always wel-
comed to the National Capital by Sen-
ators and Representatives, and is re-
spected as a statesman and a politician.
He is a man of high character, and
his worth as a statesman and a politician
is well known to all who know him.

Progress of the Talmage Trial.

Brooklyn Eagle.

Ministers of other denominations
who were among the audience, not
less than lawyers and men of the world,
must have felt considerable amuse-
ment at the course of the proceedings
to-day. By a kind of instinct the
prosecution seems to be aware
that public feeling is against them,
and hence the entreaty to the Moder-
ator to support it by an editorial article
in favor of the cause, or of attempting
to buy him into neutrality with \$500,000.
I think that Mr. Talmage could have
been made very sensible to the value
of the cause, and that his talents could
have been secured to agitate in England
the questions that led to the war. His
able and vigorous pen could not doubt
have created public sentiment there in
favor of the cause, and that the South-
ern States had not taken up arms to de-
fend slavery, but for the purpose of
putting a stop to sectional oppression
and defending the sacred doctrine of
State's rights under the constitution.
But there was no question of this, and
the story told in the telegrams, as far
as I am concerned, is simply absurd
and ridiculous.

An Unfaithful Wife.

EL PASO WITH A MARRIED MAN, BUT
TURNS TO HER HUSBAND.

In January the wife of Isaac Mann, a
conductor on the Newark and New
York Railroad, abandoned her husband
and child in Newark, and eloped with
James Vandersweep, who deserted a
wife and four children. Mrs. Mann was
a soprano singer of some note. Mr. Mann
followed the guilty pair westward.
He traced them to St. Joseph, Mo.,
and thence to Omaha, where he found
that they had stopped for a short time
at the Metropolitan Hotel. Believing
that from there they had gone to Cal-
ifornia, he continued his journey in
search of them. For the sake of his
faithless wife and rescue her again
into his home. The deserted husband
was unsuccessful in his search. He
returned home several days ago, and
resumed his position as conductor on
the road.

THE COUPLING WAS BROKEN

and the sudden wrench caused the front
car to run off the track on the cross-
ties for some 150 yards. The hindmost
car was thrown against an embank-
ment, and in the sudden lurch precipi-
tated Hawk Lewis, the colored brake-
man, from the platform on which he
was standing, inflicting a fatal injury
on him.

WHICH CAUSED HIS DEATH

before the train reached Rockingham.
Mr. Eli Gibson, from Richmond
county, sustained painful, though not
dangerous injuries. Mr. John W. Cor-
ington and Capt. Burr were also
wounded. The passenger train from
Burr displayed remarkable presence of
mind when the car received the first
shock. It

SPRANG TO HIS FEET,

seized the bell rope and called on the
passengers to remain in the car.

It seems providential that the acci-
dent did not occur on the other
side of the station where the
railroad crosses Pee Dee river; in such
a catastrophe would have, in all proba-
bility, wrecked the whole train and
killed all the passengers, among the
passengers on board at the time of the
accident was Mr. F. M. Sorrel, a Deputy
Revenue Collector of your city.

The Patent Buffer.

San Francisco Post.

It was a reporter on a live daily who
had glued his eyes to the key-
hole of a Baldwin Hotel room the other
day, when he was disgusted to find on
looking up that the occupant of the
apartment was beaming benevolently
down on him from the transom. "Day
and day" said the guest cheerfully, "guess
you've struck the wrong number. The
man suspected of being a burglar, and
politician is next door, and the man
with four wives is just across the hall."

"I really—must excuse," stammered
the reporter for once abashed speech-
less.

"Not at all," said the man, "put in
the boarder, jumping down and pulling
the key-driver into the room. 'Fact is,
I was just laying for one of you fellows;
knew you'd be along presently.'"

"Want to be informed?" said the
reporter.

"No, I want to show you press gen-
tlemen a little invention of mine that
ought to be in the possession of every
reporter in the country, and it will be,
too, expect to sell no end of 'em to you
people here."

"Do, eh?"

"Certainly. I call it the Reporter's
Patent Combined Spring and In-
destructible Nose-Buffer. You have
often in the fulfillment of your
duties had the door through which you
were looking opened most unexpected-
ly, inflicting a severe blow upon the
head, especially where the
keyhole is brass, and the door is
jammed tight. Now, all you fellows have
to do is to carry a patent Buffer, put
up in one of its elegant morocco
cases, and—"

But the newspaper man made a dash
for the elevator and escaped.

You'll Have to Stand.

One time Henry Ward Beecher went
down to Boston to lecture. In the
afternoon he went into a barber shop
of great note and refinement to be
shaved. The barber was a garrulous
little fellow who entertained Mr. Bee-
cher, while he lathered his face, with in-
tellectual conversations. He asked
"Are you going to the lecture this
evening? Go in to the lecture?"

"Oh, Mr. Beecher replied wearily,
as a man who didn't take much stock
in lectures, "I don't know; who's go-
ing to lecture?"

"Why," the amazed barber exclaimed,
"Rev. Henry Ward Beecher; Rev. Henry
Ward Beecher, of Brooklyn. Going to
lecture on the subject of 'The Kingdom
of God is within you.'"

Mr. Beecher turned up a little with
an air of indifferent interest. "Oh, well,"
he said, "if he is going to lecture I guess
I'll have to go."

"Got your tickets? Got your ticket?"

"No," Mr. Beecher replied, "I have no
tickets."

The barber laughed merrily. "Ha, ha,"
he said, "You'll have to stand up;
you'll have to stand up! Seats all
gone two days ago; you'll have to stand
up."

"Well, now," said Mr. Beecher, with
an air of grave vexation, "do you know
that I am just my ticket in Brooklyn
last Sunday, went over to Plymouth
church twice, to hear that fellow
preach, morning and evening, and both
times I had to stand up all through the
sermon."

And as he went away, the still un-
lighted barber laughed at the man
who would have to stand up at Mr.
Beecher's lecture.

A Mother's Request.

The death is announced at Paris of
Mme. Vassel, mother of an officer of
hussars, who was imprisoned many
years ago at Oren for conspiring against
the empire, and treated so badly that
his mother wrote to Napoleon III, as
follows:

"My son, an officer in the French
army, a republican like myself, is
treated by your jailors at Oren as if he
were a vile beast. He is made to
sleep on the wet ground; he is deprived
of air and light; he is half starved;
in short, he is dying gradually. It
would be more generous on your part
to end his sufferings. I therefore
pray you to have my child shot.
Avenge yourself like an emperor and
not like a tiger."

Thanks to the intervention of Ma-
shal Vassel, Mme. Vassel was not
arrested, and her son was treated a
little better, but he died a short time
after from a malady caught in prison.

erman" cigarettes at Frank Grundlers

Death on the Rail.

FATAL ACCIDENT ON THE CAROLINA CENTRAL RAILROAD—A BROKEN WHEEL—A DEAD BRAKEMAN.

Special to the News.

PEE DEE STATION, March 28.

The passenger train from Charlotte,
to day, met with a very serious acci-
dent just before reaching this point.
One of the wheels in the last or rear
car was broken and immediately threw
the car from the track.

Mary's Little Corn.
Mary had a little corn
Upon her little toe,
And every where that Mary went
That corn was sure to go.
Camden Post.

And to the cooling ocean's shore
It followed her one day;
But the little corn was so sore
She could not play croquet.
Island Review.

What makes the corn hurt Mary so?
The other players cried.
"Because she wears her boots so tight,"
A looker-on replied.

"And you a little lump upon
Your toe can grow to suit,
By putting on a five-sized foot,
A number two-sized boot."
Boston Traveler.

And so the doctor dug it out,
Which made poor Mary sob,
And now no corn she knows about,
Except what's on the cob.

Just like a clever fellow,
Amused herself, she views the maize,

But Mary's corn it hurt so bad,
She'd whimper cry and bawl,
And so she took and cut it off,
Corn, fodder, stalk and all.

The Girl of the Period.
Jennie June, in New York Graphic.
She has nothing else to do, poor girl,
But dress. It takes two-thirds of her
time. The rest is devoted to shopping,
sleep and company. There is not a
trace of wear or neglect about her from
top of her heels to the end of that last
new ostrich feather. It's all a part of
the band-boxes. It costs a good
round sum yearly. There isn't an hour
of the day but some portion of that
dress demands her attention. Monday
she was at spring materials; Tuesday,
the same; Wednesday was the day of
the selection; Thursday she hunted for
the trimmings; Friday she bought
them, and the day's mission for Saturday
was with the dressmaker. There are
two more days of trying on and
fitting, at least. But that is but
one article of that fearful, wonderful
and admirable make-up. There are
shoes, corsets, bonnets, hats and
gloves all the time on the stocks or being
looked after as built by contract.

Result of the Pedestrian Craze.
The Jersey City police found a very
respectable-looking young man wandering
through the streets last night. He
was looked up to keep him off the
streets. To Justice Davis, to-day he
said that his name was Charles H. Runyon,
and that he resided in Chicago.
He came East to see the walking
match, with \$100 in his pocket. He
was robbed at Gilmore's garden, and
had since been a wanderer, without the
means of returning home and without
a roof to cover him. He asked the
judge to commit him to jail, so that he
may have an opportunity to communi-
cate with his friends in the Western
metropolis. Justice Davis committed
him for thirty days.

delphia. The bride's grandaunt was
an early love of Washington Irving,

Walter Scott's novel "Ivanhoe."

A Physician Should be Appointed.
Washington Post.
It is hoped that Mr. Hayes's civil
service will not absolutely necessitate
the appointment of a blacksmith to
the vacancy in the surgeon generalship
of the marine hospital service. There
is a prejudice in favor of having a physi-
cian in that place.

THE GENUINE
DR. C. McLANE'S
LIVER PILLS
FOR THE CURE OF

Hepatitis, or Liver Complaint,

DYSPEPSIA AND SICK HEADACHE

Symptoms of a Diseased Liver.

PAINT in the right side, under the
edge of the ribs, increases on pres-
sure; sometimes the pain is in the left
side; the patient is rarely able to lie
on the left side; sometimes the pain is
felt under the shoulder blade, and
frequently extends to the top of the
shoulder, and is sometimes mistaken
for rheumatism in the arm. The stom-
ach is affected with loss of appetite
and sickness; the bowels in general
are constipated, sometimes alternate with
loose, the head is troubled with pain,
accompanied with a dull, heavy sen-
sation in the back part. There is gen-
erally a considerable loss of memory,
accompanied with a painful sensation
of having left undone something which
ought to have been done. A slight,
dry cough is sometimes an attendant.
The patient complains of weariness
and debility; he is easily startled, his
feet are cold or burning, and he com-
plains of a prickly sensation of the
skin; his spirits are low; and although
he is satisfied that exercise would be
beneficial to him, yet he can scarcely
summon up fortitude enough to try it.
In fact, he distrusts every remedy.
Several of the above symptoms attend
the disease, but cases have occurred
where few of them existed, yet exami-
nation of the body, after death, has
shown the LIVER to have been exten-
sively deranged.

ACUTE AND FEVER

DR. C. McLANE'S LIVER PILLS, IN
CASES OF ACUTE AND FEVER, when
taken with Quinine, are productive of
the most happy results. No better
cathartic can be used, preparatory to,
or after taking Quinine. We would
advise all who are afflicted with this
disease to give them a FAIR TRIAL.

For all bilious derangements, and
as a simple purgative, they are un-
equalled.

Beware of Imitations.

The genuine are never sugar coated.
Every box has a red wax seal on the
lid, with the impression DR. McLANE'S
LIVER PILLS.
The genuine McLANE'S LIVER PILLS
bear the signatures of C. McLANE and
FLEMING BROS., on the wrappers.
Insist upon having the genuine DR.
C. McLANE'S LIVER PILLS, prepared by
Fleming Bros., of Pittsburgh, Pa., the
market being full of imitations of the
name McLANE, spelled differently but
same pronunciation.

LIVER

This important organ weighs but about three
pounds, and all the blood in a living person
passes through it at least once every half
hour, to have the bile and other impurities
strained off and filtered from the
blood. The natural purgative of the bowels,
if the liver becomes diseased, it is not sepa-
rated from the blood, but carried through the
veins to all parts of the system, and in trying to
escape through the pores of the skin, causes it
to turn yellow or a dirty brown color. The stom-
ach becomes diseased, and Dyspepsia, Indi-
gestion, Constipation, Headache, Biliousness,
Jaundice, Chills, Malaria Fever, Piles, Sick
and Sour Stomach, and general debility follow.
McLane's Liver Pills, the great vegetable
cure for torpidity, causes the liver to throw
off from it so many ounces of bile & waste
the blood passes through it, as long as there is
an excess of bile; and the effect of even a few
doses upon yellow complexion or a brown dirty
looking skin, will astonish all who try it—they
being the first symptoms to disappear. The
cure of all bilious diseases and Liver complaint
made certain by taking HEPATICA in accord-
ance with directions. Headache is generally
cured in twenty minutes, and no disease that
arises from the liver can exist if a fair trial
is given.
